SENATE MAY NOT CONFIRM

Over 200 Recess Appointments Sent in By President

Washington, Dec. 3.—President Taft sent more than 200 recess appointments to the senate today and immediately indications of a number of Democratic senators to prevent their confirmation, became evident.

Senator Gore, it was said, would have the active support of several colleagues in heading off the movement. The campaign is directed especially against nomination, which it is claimed, have been postponed from time to time, thus bringing the new terms close to the beginning of the Democratic administration.

Democratic senators claim the President already has deprived the Democrats of the privilege of appointing 50,000 postmasters by placing them within the civil service law by a single order.

Most of the Democratic senators expressed themselves as favorable to a "discriminating obstruction," but several Progressive senators, whose assistance had been counted upon, did not agree to co-operate. It is understood.

HORSES FALL ON SLIPPERY HILLSIDE

Nearly every team undertaking to go either up or down Twenty-fourth street, between Washington and Adams avenues, this morning, came to grief, and it did not matter so much how well shod they were.

The street was a perfect glare of ice and it was almost impossible for the animals to hold their footing. Indeed many of them fell to the street and could not get up until unhitched.

No cruelty was exhibited on the part of the teamsters, but it was pitiful to see the animals struggle to stand on their feet and, when down, give up in despair.

The drivers, in most instances, did not know the condition of the street until they were well along on the hill, when it was too late. A number of teams and single horses were unhitched from wagons and buggies and the rigs wheeled by hand to Washington avenue and other routes taken to reach the eastern part of the city.

Numerous complaints were made about the conditions of the street by people observing the plight of the horses, and many suggestions were made as to the remedy, the universal conclusion being, however, that a little salt placed on the surface of the street would aid materially in placing it in condition for travel. Some said sand should be used and Dr. Condon suggested that if the city had no sand it surely ought to have funds enough to use salt to help the poor horses.

This afternoon street supervisor Clem Martin placed a force of men and teams to work surfacing Twenty-fourth street, between Washington and Adams avenues, with cinders and ashes to make it suitable for travel with teams.

The Orden Packing & Provision company is expending \$2,500 in the construction of new and additional office quarters on West Twenty-fourth street. Business of the company has increased to such proportions that the present office room is too small.

Work in the remodeling of the Healy hotel building has begun and a permit has been issued from the city engineering department for that purpose, providing for the immediate expenditure of \$5,000 on the annex which will be erected at the northeast corner of the main building. The annex will be three stories high and it will be modern in every respect.

Annie E. Bingham has begun the erection of a residence on Farr avenue and West Twenty-first street that will cost \$15,000.

A. Erickson is building a residence on Cross street between Washington and Adams avenues that will cost more than \$10,000.

Nearly Caught by Old Swindle.
An American in the Spanish town of Valencia has very nearly fallen a victim to the buried treasure swindle at the hands of the proprietors of a fashionable boarding house, where he was a paying guest. Their story was that a certain French banker had fled from France, after defrauding his clients of \$800,000. He had, however, quarreled with another banker and killed him, thus being condemned to imprisonment for life. The American received some spurious documents relating to the place where the treasure was hidden and eventually the swindlers stated that, in exchange for 9,000 pesetas, the supposed banker would disclose the whereabouts of the box containing \$800,000. Several days later the swindlers were cleverly caught by the police, who sent them a telegram signed by the American accepting their offer, and at the same time making an appointment.

Make Bathing Form of Worship.
Our American bathing resorts pale into insignificance beside those of India—though to the Hindoo bathing is a religious duty as well as a personal luxury. East India papers report that during one week recently at the holy city of Allahabad nearly 2,000,000 people bathed in the rivers Jumna and Ganges, which meet at that place.

MOTHER FAILS TO COME TO AID OF SON

J. A. Jenkins was tried in police court this morning on the charge of obtaining money under false pretenses. Judge Reeder took the case under advisement.

The complaining witness in the action is Mrs. Hatty Brohm, who alleges that she cashed a check for Jenkins for \$10 which was later returned from the bank marked "no funds." Further testimony brought out the fact that Jenkins had cashed nine checks in all, and all had been returned to the indorsers. Mrs. Brohm stated that she had cashed five \$5 checks and one check for \$10. According to the police, D. A. Hopkins holds one for \$10, Taylor & Stoker cashed one for \$10 and Fred M. Tout cashed one for the same amount.

Jenkins stated that his having no money in the bank was not known to him, because he was to have received a check from Salt Lake and, when he did not get it, decided that it was sent to the bank. Instead, he alleges it was sent to his mother in Salt Lake. In the presence of Detective Chambers, Jenkins telephoned to the man's mother, but she later telephoned that she would not make good the amounts of the checks.

Jenkins stated that he has been farming at Wellsville for a short time and previously worked in Ogden for a number of years, where he is well known.

Judge Reeder will probably render his decision tomorrow morning. John Doe, a Greek, charged with lewd and lascivious conduct, was discharged from lack of evidence. The complaining witness was Frank Baker and his story was denied by the Greek, who came back with another charge. Judge Reeder stated that since the prisoner must be given the benefit of a doubt, the case must be dismissed.

Jim Smith pleaded guilty to the charge of drunkenness, but was given a suspended sentence.

PLANS FOR THE ADDITION TO WRIGHTS'

The W. H. Wright and Sons' company are having plans drawn for the clothing and shoe store which will be established on the north side of the main store building on Washington avenue.

The alleyway that leads to the rear of the block will be closed and a shoe store built, and the adjoining room north, which was formerly used as a shoe store by the Christensen Shoe company, will be utilized as a clothing store. A basement will be provided under the alleyway space and it will be connected with the large basement of the main store.

Archways from the main building and from the clothing department will be cut through the walls to the shoe store, which will be the means of connecting the two departments with the main store.

The architects will have the plans perfected in a short time when building will begin.

G. S. GLENN

Mr. Glenn is president and manager of the Glenn Bros. Piano Co., a wide-awake business man, which qualification amply fits him for the position. Mr. Glenn is widely known in Ogden. In addition to his qualification as a business man, he has been a loyal supporter of Ogden's best business interests and a vigorous advocate of the public school system.

A Catastrophe.

A woman in one of the wards in the Rhode Island hospital was informed she had appendicitis and would have to be operated on at once. Much frightened, she reluctantly consented and was conveyed to the operating room. One of the doctors had commenced to administer the ether and her eyes were closing languidly, when he discovered he had forgotten to inquire if she had false teeth. He quickly removed the rubber cap, and shaking her slightly, he said: "Have you anything loose in your mouth?" Then, as he made a move to put his hand in her mouth, she opened her eyes wildly and exclaimed: "Nothing but my tongue, doctor, and for God's sake don't cut that out, too!"—National Monthly.

Women Workers in Japan.
The Chugai Shogyo Shimbu has been investigating the question of female labor in Tokio, and announces that various economic causes are driving women to seek their occupation in fields which have hitherto been occupied solely by men. The total of the female population is 752,000, of whom 191,000 seek their livelihood outside their own family circle. Of these, maid servants number 59,000, dressmakers 26,000, and shop assistants 24,200. The barmaids and hotel servants number 20,000, while teachers and professional women are 14,500. The women workers of Tokio form 80 per cent of the total working population of the capital. Among them widows and girls, ranging in age from 15 to 60, predominate.

COMING HERE

We are particularly glad to be in OGDEN

and we believe there are many smokers who already know us, will be pleased to welcome us here.

We wanted to be here long ago but we

have been some time trying to secure a desirable spot just in the right location.

OGDEN is one of the few cities of size in

the whole United States in which we are not already established successfully.

OGDEN is the connecting link between

our great Pacific Coast organization and the Middle West Division.

In over 165 busy American cities United

Cigar Stores stand out as beacon lights of unparalleled values to smokers and as long as we continue to "serve the people best" we shall flourish everywhere we go—

And we can never grow big enough to risk the loss of a single customer.

FOUR GUNMEN WHO KILLED ROSENTHAL ARE IN SING SING PRISON UNDER SENTENCE TO DIE IN THE ELECTRIC CHAIR IN JANUARY

Within the gray walls of Sing Sing prison "Whitey Lewis" Muller, "Dago Frank" Circotelli, "Gyp the Blood" Horowitz and "Lefty Louie" Rosenberg are confined in separate cells in the death house awaiting execution. They are under sentence to die the week beginning January 6, but an appeal will probably be taken, which will act as a stay, and the killers will probably spend many weary months in the death house before the court of appeals reaches their case. The men were brought to prison immediately after they were sentenced in New York. Sheriff Harburger and eight deputies being in charge of them. They were met at the railroad station by several guards from the prison, who walked with them along the road leading to the portals of Sing Sing.
